

Biomatik Media Profile

Last Update: 2024-09-27

Company Introduction

Biomatik has proudly served 20,000+ scientists worldwide since 2002.

Biomatik offers extensive products and services in life science research and drug discovery involving genes, peptides, proteins, and antibodies. These include commonly used biochemicals, enzymes, proteins, antibodies, ELISA kits, and custom gene, peptide, protein, and antibody services.

We are committed to making a positive impact on life sciences research, drug discovery, and the people we touch. Please view our [5-star Google Review](#) and 4,000+ publications citing our fine products and services at [Google Scholar](#).

Catalog Products

- 29,000+ ELISA Kits
- 14,000+ Antibodies
- 16,000+ Proteins
- 200+ Biochemicals

Custom Services

- Custom Gene Synthesis
- Custom Peptide Synthesis
- Custom Protein Production
- Custom Antibody Production
- Antibody Sequencing Service

Target Customers: Research Institutes and Drug Discovery Companies
